

SETTING UP YOUR Bandanna SHADE

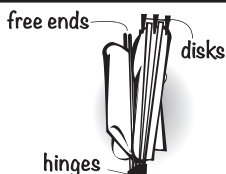

1 Remove shade from carry bag

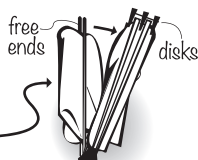

2 Locate disks and hinges

You will notice that in this folded position, **next to the disks**, you will find what we like to call the **"free ends"** of the poles...

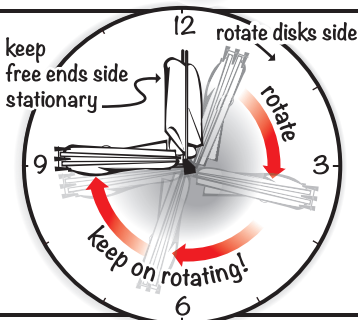

now
separate free
ends from
disks as
shown here

3 Continue to move disks while you keep free ends stationary...

Rotate disks clockwise
from 1 o'clock to 9 o'clock.

Note: free ends should
remain at 12 o'clock.

4 Stand shade upright, holding onto disks...

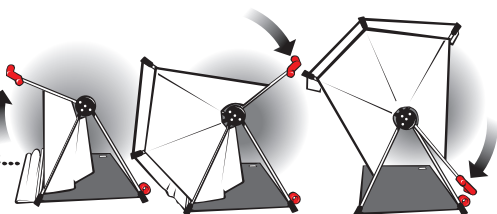

Stand behind your shade for the remaining few steps...

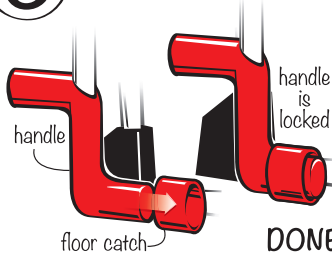

...Spread apart the two poles on the right to make the floor flat

5 Open shade by rotating handle clockwise...

6 Slide handle in floor catch

DONE!

7 Still a little confused?

No worries—
