USING YOUR WIND KIT

1 Remove kit from pouch

pouch

Wind Kit includes: 3 auger stakes

3 tension ropes with snap hooks and tension slides
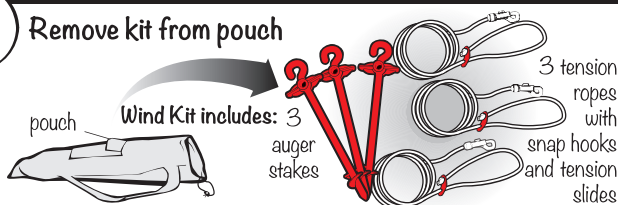

**2** Locate both button holes in floor

3 Advance tip of auger stake into button holes, then screw stake into ground until secure.
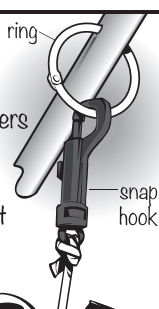

**4** Screw third auger stake into ground just **behind** floor

5 Locate rings in upper corners of shade and attach snap hooks. Repeat for ring on center back.

ring

snap hook

6 Catch rope loop in hook of auger screw then slide tensioner up to remove slack in each rope.

7 Your new Bandanna® shade is now tethered to the ground and ready to use!

WARNING:
Do not use your Bandanna® shade in excessive wind conditions.
